14 In the Malnad most villages consist of a number of hamlets with houses scattered here and there and no sanitary improvement is possible except with the cooperation of the principal householders in each hamlet the residents of which are either his tenants or dependant on him in other ways. There seems to be no objection to introduce the rules into all villages coming under the Malnad Improvement Scheme.

Sir,

I have the honor to state that the Malnad Improvement Committees for the Districts of Shimoga and Kadur have resolved (vide copies of resolutions enclosed) at their first meeting held in March and April last, respectively, that the Village Sanitation Rules should be introduced into all malnad villages dealt with under the malnad improvement scheme, irrespective of the number of houses therein.

In accordance with Govt. Pro. No 11132-43/L.B. 190-96-15 dated 1st May 1908, Village Sanitation rules are now applicable only to villages that contain 25 houses or more.

In view of the fact that no improvement that may be effected under the scheme in villages ^{containing} less than 25 houses will be effect-ual unless they are properly maintained afterwards, it is necessary to introduce the rules ^{into} ~~with~~ all villages dealt with under the Malnad Improvement Scheme. Hence it is requested that Government orders may be kindly obtained in the matter authorising the introduction of the rules as proposed by the committees.
